ENHANCING EXECUTIVE FUNCTIONING AND DIGITAL CITIZENSHIP: A HALF-DAY WORKSHOP FOR EDUCATORS

DURATION:
HALF DAY

The workshop can be customized based on the specific needs and preferences of the participants. Additional time can be allocated for group activities, discussions, or practical exercises, as desired.

1 INTRODUCTION AND IMPORTANCE OF DIGITAL CITIZENSHIP (30 MINUTES)

- Welcome and workshop objectives.
- Overview of the importance of digital citizenship in the context of adolescents and digital media.

2 INTEGRATING EXECUTIVE FUNCTIONING & DIGITAL ESSENTIALS (60 MINUTES)

- Introduction to executive functioning skills and their relevance to digital media education.
- Identifying key digital essentials concepts (e.g., digital etiquette, responsible decision-making).
- Strategies for integrating executive functioning and digital essentials into the curriculum.

This half-day workshop provides educators with practical strategies to integrate executive functioning skills, digital citizenship, and digital essentials into their curriculum for adolescents. Participants will gain an understanding of the impact of digital media on students and learn how to foster responsible and ethical digital citizenship. The workshop will focus on key concepts and skill-building activities to enhance students' executive functioning and empower them in the digital age.

3 SKILL-BUILDING ACTIVITIES FOR STUDENTS (60 MINUTES)

- Practical exercises to foster executive functioning skills (e.g., goal-setting, time management)
- Critical thinking activities related to digital media and responsible decision-making.
- Digital habit check-ups to promote self-reflection and improvement.
