Middle School Writing Mastery Program

We are excited to introduce the Middle School Writing Mastery Program, tailored for students in grades 6 through 8. This comprehensive program is designed to transform students into proficient writers who can articulate their thoughts clearly and creatively.

At Themba Tutors, we are dedicated to providing tailored educational modules that address critical gaps in educational resources and enhance student learning.

Our successful partnership with **Greene Hill School** through our Executive Function Mastery program showcases our commitment to developing essential skills such as organization, attention management, and effective study techniques in practical, engaging sessions.

The program covers:

- **Foundations of Writing:** Focusing on grammar mastery and sentence construction.
- **The Art of Storytelling:** Techniques for creating compelling narratives and personal stories.
- **Exploring Non-Fiction:** Skills for crafting informational and persuasive essays.
- **Research and Revision:** Strategies to enhance research methods and refine the revision process.

This holistic approach elevates students' writing skills and fosters a passion for writing and critical thinking.

Craig Selinger
CEO, Themba Tutors LLC

Craig Selinger, a New York State licensed language therapist with over 20 years of experience, is the CEO of Themba Tutors LLC, specializing in language-based learning disabilities and executive functioning. He holds a Certificate of Clinical Competence from ASHA and is Orton-Gillingham trained, with a master's in Communicative Disorders from the University of Wisconsin-Madison. Craig's professional journey includes interdisciplinary work, private practice, and extensive experience across various educational and therapeutic settings in New York City.

12-WEEK WRITING MODULE

These prompts help students unleash their imagination and overcome writer's block.

Leveraging our extensive expertise, we offer a 12-week Paragraph Writing Module where our learning specialists guide students through a structured journey to master paragraph writing.

This module is meticulously designed to improve writing structure, clarity, and creativity, making it an ideal choice for students aiming to boost their writing proficiency. It integrates into existing English curricula and complements executive functioning skills by promoting structured thinking and planning.

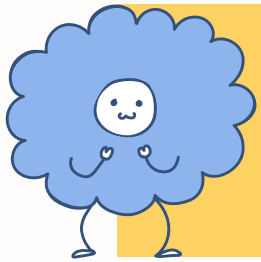
COLLABORATIVE EDUCATIONAL EFFORTS

Our educational modules especially benefit independent schools with resourceful and engaged communities. These programs support academic achievements and augment the school's ability to foster a nurturing educational environment.

PROFESSIONAL DEVELOPMENT FOR EDUCATORS

Beyond student-focused modules, Themba Tutors offers professional development opportunities for educators.

These training sessions equip teachers to effectively implement executive function activities and writing programs within their classrooms, enhancing overall teaching efficacy.



PARTNER WITH THEMBA TUTORS

Collaborate with Themba Tutors to empower your students to achieve academic excellence and personal growth. Contact us today to discover how our tailored programs can enrich your school community and cultivate a culture of achievement and development.
